

Dr. Amy Clark Dr. Jeremy Stocks Dr. Andrea Dunn Dr. Garrett Dunn

Thank you for choosing Athens Community Care for your medical needs. Please complete the enclosed paperwork and return it to our office as soon as possible to be reviewed and approved by our physicians. We will then request your medical records from your previous physician (if needed). The office will contact you regarding your request for an appointment.

Please arrive 10 - 15 minutes before your scheduled appointment time for new patients. If you arrive 15 minutes late for any appointment you will have to be rescheduled. Bring your driver's license and all insurance cards. Copays are due at check in. Please bring any medications that you are currently taking (prescription or over the counter), always bring the actual bottles with you.

If you have a preferred provider, please circle the name listed above.

We look forward to seeing you!

**Athens Community Care** 

#### Athens Community Care 22454 US Hwy 72 Suite 310 Athens, Alabama 35613

#### **WELCOME TO OUR PRACTICE!**

We are so very pleased that you have selected our clinic as your health care provider. Please complete the enclosed forms with your signature where indicated and return them before your appointment day.

**APPOINTMENTS:** First time patients are asked to arrive at least 10-15 minutes early to allow adequate time for completing the initial registration. For purposes of maintaining continuity of care, we ask that you request that your latest, relevant records with the most recent test results and current medication list be faxed to us prior to your visit. Alternatively, you may bring those records with you to your first appointment. Your initial visit in establishing care with the doctor will consist of routine checking of vital signs and complete discussion of your medical history, medications you are currently taking, and health issues you may currently be experiencing. A "physical examination" or gynecological exam will be scheduled 1-2 weeks later with appropriate time allowed to focus on the examination, review of lab results, and discuss disease prevention. Once you are an established patient, we ask that you **have labs done 2-3 days before your appointment** so the doctor can go over the results with you in person.

If you are sick and seen on an urgent, work-in basis, only your acute medical problems will be addressed. You will need to schedule another appointment for any other medical questions or issues you may have. If your doctor schedules lab work or x-rays for you, you will be contacted via the patient portal with the results or with requests to return to the office to discuss the results directly with the physician.

**WEB PORTAL:** Most communications from the clinic will be sent through a secure online portal; so all patients are expected to register for the free service prior to their first appointment. You may submit refill requests, message clinic staff on non-urgent matters, and review your medical history including lab results through the portal. Registrations instructions are included with this packet.

**INSURANCE:** Our office participates in most insurance plans. If you are unsure about your insurance coverage, please call your insurance provider for clarification. Remember that your health coverage is a contract between you and your insurance company. We will assist you in getting full benefits from your insurance carrier. **Your co-payment must be collected at the time of your visit.** If you accrue an unpaid balance with no effort to pay, you will be denied medical treatment from our office. We accept cash, checks (payable to Athens Community Care), Master Card, Visa, American Express, Discover and Debit Cards.

**BILLING:** Payment is expected at the time of service. If you do not have insurance coverage, please discuss financial options with the office staff prior to your visit. As a courtesy, if we accept your insurance, a statement will not be issued until after your insurance carrier has paid your allotted benefits. If your insurance carrier reimbursement is delinquent for 90 days, you may be asked to contact your insurance carrier. Please remember that any balance not covered by your insurance company is your responsibility to pay.

**MEDICATIONS:** We utilize electronic prescription writing for most medications and routine medication refills will be handled during scheduled appointments. Generally, when a routine prescription has no more refills remaining, this indicates that it is time for an appointment to review that particular condition for which the medication was prescribed. If a refill is necessary, please notify the clinic **at least 3 days prior to the need for refill** to allow time for the doctor to confirm the prescription details, review records and fill the medication appropriately and in a timely manner. Medication refills should preferentially be requested using the secure online portal (not calling the office). No antibiotics or narcotics will be prescribed without an examination; this is not considered good medical practice. Please bring ALL medications that you are taking with you to each appointment. This includes prescription as well as over-the-counter medications such as vitamins and aspirin. An up-to-date list of all medications is sufficient if all necessary information is on the list, such as medications strength, and quantity.

**HOURS**: Our normal business hours are Monday-Thursday from 8:00am-4:30pm, excluding 12:00 to 1:00 for lunch each day and Friday from 8:00am-12pm.

#### PATIENT RIGHTS

**Welcome to Athens Community Care.** Our goal is to make your hospital stay as pleasant as possible. We want to ensure that each patient at our clinic receives information regarding patient rights. We are committed to provide a standard of care that ensures our patients are safe from accidental injury. These rights are stated to publish our commitment that each patient will receive the best possible care that we can offer.

#### As a patient at Athens Community Care your rights include the following:

- The right of access to treatment regardless of race, age, creed, sex or national origin in a safe setting, free from abuse or harassment.
- The right to reasonable access to care and acceptance for treatment within the clinic's capacity or referral to another facility when medically appropriate.
- The right to care that is considerate and respectful of your personal values, culture and beliefs.
- The right to personal privacy and confidentiality of your personal health
- The right to appropriate assessment and management of pain.
- The right to access information contained in your clinical record within a reasonable time frame.
- The right to participate in decisions regarding your care, to be involved in planning your care and treatment, and to receive information necessary to give informed consent.
- The right to accept medical care and refuse medical treatment, as permitted by law, and to be informed of the medical consequences if refused.
- The right to formulate an Advance Directive, such as a Living Will. Information will be provided to you upon your request.
- The right to legally designate a representative decision maker in the event you are incapable of understanding a
  proposed treatment or procedure or are unable to communicate your wishes regarding your care and to have effective
  communication.
- The right to receive an itemized, detailed explanation of your bill for services and explanation of benefits paid by insurance.
- The right to voice complaints concerning the quality of care you receive without fear of reprisal, to have those complaints reviewed, according to our Patient Grievance Resolution Policy, and, when possible, resolved.

If you have any concerns about the care you receive while you are a patient please ask to speak to the Office Manager at any time. If you have a patient safety or quality care concern you may also contact any one of the following:

- Joint Commission on Accreditation of Healthcare Organizations
   Office of Quality Monitoring
   One Renaissance Boulevard
   Oakbrook Terrace, IL 60181
   (Fax) 630-792-5636
   (Email) complaint@icaho.org
- 2. State of Alabama Dept of Public Health Hotline 1-800-356-9595 Monday-Friday 8 a.m. to 5 p.m.

- 3. Athens-Limestone Hospital Patient Safety Officer Administration Telephone: 256-233-9119.
- Centers for Medicare and Medicaid Services 7500 Security Blvd., Mail Stop S2-12-25 Baltimore, MD 21244-1850

#### **PATIENT RESPONSIBILITIES**

As a patient of Athens Community Care, your responsibilities include:

- To provide, to the best of your knowledge, complete and accurate information about your present condition, past illnesses, hospitalizations, medications, and other matters relating to your health.
- To report unexpected changes in your condition.
- To follow instructions and adhere to your plan of care.
- To review all educational materials given to you.
- To report the presence of pain to your physicians and nurses.
- To ask appropriate questions when you don't understand.
- To cooperate with nurses, physicians, and others who participate in administering your care.
- To recognize that your own behavior and actions influence treatment outcomes.
- To recognize that other patients and clinic personnel also have rights.
- To act with consideration and respect toward other patients and clinic personnel.

We would like to invite you to the Patient Portal. It is a secure online website that gives you convenient 24-hour access to your personal health information and medical records, such as lab results and appointments. We have attached a pamphlet with further details.

Please mark whether you would like to be	invited to our patient portal.
YES	NO
If yes, please provide and email	

### How to Register

There are two ways to register for the Patient Portal.

#### Option 1

Provide your email address so you can be given access to the Patient Portal. You will receive an email containing a link to register for the Patient Portal. Click on the link and follow the instructions. Enter the supplied Username and Password. You will be prompted to create a new Password. You will then have to enter information to verify your identity.

#### Option 2

You can also be registered for the Patient Portal without providing your email address. We will print out a registration card with detailed instructions to follow. After accessing the website, enter the supplied Username and Password. You will be prompted to create a new Password. You will then have to enter information to verify your identity.

Patient Portal powered by eMDs, Inc.

### Patient Portal Frequently Asked Questions

Here are our answers to the most commonly asked questions about our Patient Portal.

#### What is a Patient Portal?

A Patient Portal is a secure online website that gives you convenient 24-hour access to your personal health information and medical records—from anywhere with an Internet connection.

#### Why Should I Use a Patient Portal?

Accessing your personal medical records through a Patient Portal can help you to be more actively involved in your own health care. Accessing your family members' health information can help you take care of them more easily.

Also, patient portals offer self-service options that can eliminate phone tag with your doctor and might even save a trip to the doctor's office.

#### Is My Information Safe?

Yes. Patient portals have privacy and security safeguards in place to protect your health information.

Always remember to protect your Username and Password from others and make sure to only log on to the Patient Portal from a personal or secure computer.

#### Can My Family Access My Patient Portal?

You may choose to give family members or healthcare proxies access to your Patient Portal. They will have their own login once you set this up in your Portal.

#### What Do I Do If...

#### I Don't Receive a Registration Email?

The emails may take a few minutes to deliver. You may also check your junk mail or spam folders to see if the email was routed there by mistake. If necessary, you can call the office to resend the registration e-mail.

#### I Forgot My Password or Username?

Click on the link that says, "Forgot Password" or "Forgot Username" and follow the additional instructions. If you still need help, contact the office to reset your account.

#### I Have An Urgent Issue or Emergency?

DO NOT use the Patient Portal. Call the office if you need to speak with a staff member immediately. If you are experiencing an emergency, call 911 or go to the nearest emergency room.
